## Material Safety Data Sheet

### SOILSEEDS

Micro-Biological Spore Solution

#### HAZARDOUS INGREDIENTS

Hazard Rating: (HMIS)  
Health: 0 (Minimal)  
Fire: 0 (Minimal)  
Reactivity: 0 (Minimal)  
Specific/Special Hazard: None

#### PHYSICAL & CHEMICAL INGREDIENTS

Appearance: Milky brown liquid  
Odor: almost odorless  
Density: 1.05  
pH: 4  
Solubility: infinitely dilutable  
Evaporation Rate: (H<sub>2</sub>O)  
Vapor Pressure: NA  
Vapor Density: NA  
Melting Point: NA  
Flash Point: NA  
Flammable Limits: NA

#### FIRE & EXPLOSION HAZARDS

Extinguishing Media: Noncombustible; use H<sub>2</sub>O,  
dry, foam, or fog.  
Special Fire Procedures: None  
Explosion Hazards: None  
Stability: Stable  
Conditions to Avoid: None  
Incompatibility: None

#### REACTIVITY DATA OR HAZARDS

Decomposition: None  
By-Products: None  
Polymerization: will not occur  
Inhalation: None

#### HEALTH HAZARD

Ingestion: Give large quantities of  
water. Give medical  
treatment for mineral-vitamin  
overdose.  
Skin: Flush skin with soap and  
water.  
Eye: Immediately flush eyes with  
water for approximately two  
minutes. Give medical  
treatment for exposure to  
acidic solution.

#### DISCLAIMER

MSDS information should be used as a supplement to other information gathered, including the experience of any person involved with this product. You must make independent determinations of suitability and completeness of the information from all sources to assure both the safety and health of personnel.

No guarantee is made by Plant Essentials LLC, nor is any liability assumed arising from any use of this information.

#### WASTE DISPOSAL

Follow SOLID WASTE federal, state, and local regulations that apply to nonhazardous organic fertilizers or organic debris.
